

## Research Request Application

Please complete and submit to your NSC staff contact.

1. Briefly describe the intended goal of your proposed project.
2. How will your project benefit NSC's clientele?
3. What is your proposed project timeline?
4. What assistance will you require from NSC staff?
5. What challenges do you anticipate?

6. What support do you already have in place for this project? Please include a description of financial support with a particular focus on client incentives and/or transportation as well as costs for interpretation and translation.

7. Does your project require IRB approval? What is your plan for obtaining said approval?

Please note any other comments here.
